

1. **Stay silent.** Not everything needs to be said.
2. **Silence** is better than unnecessary drama.
3. If you find someone smarter than you, work with them, don't compete. Competition is a **weakness**.
4. **The family** you create is more important than the family you come from.
5. Your current job doesn't care about you. They only pay you enough to **kill your dreams**.
6. **Free yourself** from society's advice, because most of them have no idea what they're doing.
7. Most people **drift through life**.

They have no purpose, no direction, and zero intent.

Learn their needs and **lead them**.

8. It's better to have **1 friend** who's:

- **Happy for you**
- **Supports your wins**
- **Encourages your dreams**

Than a bunch of acquaintances who are:

- Lazy
- Self-centred
- Jealous of your success

9. You'll be **10x happier** if you **forgive** your parents and **stop blaming** them.
10. **No one** will ever come save you. Your life is **100%** your **responsibility**.
11. **Your inner circle** should be more focused on money, success, and starting a family.
12. You don't need **100 self-help books**. All you need is **actions** and **self-discipline**.

If you made it this far, congrats, you're part of the 1% who finish what they start.

This is a major trait for success.
